

Helping you dig safely

“I work every day to protect the safety of our community and PG&E’s gas pipelines. I’m passionate about my work and the safety of our neighborhoods because this is where my family lives.”

JAMIR DIXON
Gas Fieldperson

Whether you’re a contractor working on a major job site or a homeowner planting a tree in the yard, no job is too small—always call 811 at least two working days before you dig. One simple call gets underground utility lines marked for free and helps protect you from injury and expense.

Promoting the 811 program is just another step we’re taking to ensure the safety of our gas system in your community. Visit pge.com/811.
