MOFD and the firefighters union come to tentative labor agreement

By Nick Marnell

After nearly six months of negotiations, which included discussions with a state-appointed mediator, the Moraga-Orinda Fire District and Local 1230 reached a tentative agreement on a new three-year labor contract. The union ratified the tentative agreement on Sept. 18.

The term of the Memorandum of Understanding runs from July 1, 2018 through June 30, 2021. Among its significant provisions are salary increases of 3 percent across the board for years one and two and 2 percent in year three. A 2 percent equity adjustment will also be added to wages in the first two years, with 1 percent added in year three.

According to the district, salary

survey data showed firefighters, engineers and captains were behind the labor market in both salary and total compensation. The purpose of the equity adjustment increase was to move district salaries closer in line to salaries paid by comparable agencies.

"We worked very long and hard on this. We came to a pretty good compromise," Director Kathleen Famulener said about the MOU.

Director Steve Anderson was out of town when the two parties reached the tentative agreement. "Before I left I was very clear on what I would accept and not accept. When I came back, the MOU exceeded those upper limits," Anderson said. "We need to pay our

employees and we need to pay them well, but I have some serious questions about the MOU. Considering our finances, we were overly generous."

Other board members either declined to discuss the agreement or could not be reached for comment. Representatives from Local 1230 also declined to comment on the MOU.

The full cost to the district to implement the MOU for the 2018-19 fiscal year comes to more than \$750,000. At the Oct. 3 district meeting, should the agreement be approved by the board, the district will decide how to account for the added expenditure in the general fund.

MOFD open house features fire prevention exhibits and activities

By Nick Marnell

Photo MOFD

Fire prevention has everyone's attention, with some areas within the Moraga-Orinda Fire District lying in what Cal Fire calls a Very High Fire Hazard Severity Zone. MOFD Fire Marshal Kathy Leonard offers advice for all Lamorinda residents, whether living in a high danger zone or not, through this year's Oct 7-13 Fire Prevention Week campaign: "Look. Listen. Learn. Be aware. Fire can happen anywhere."

Look for places fire could start. Take a good look around your home. Identify potential fire hazards and take care of them.

Listen for the sound of the smoke alarm. You could have only minutes to escape safely once the smoke alarm sounds. Go to your outside meeting place, which should be a safe distance from the home and where everyone should know to meet.

Learn two ways out of every room and make sure all doors and windows leading outside open easily and are free of clutter.

"As we head into fall, we should make sure our homes are safer from fire risk from the inside out," Leonard said. She advises the following for inside the home:

- Check and replace batteries in all smoke alarms and carbon monoxide detectors.
- Replace furnace filters and keep clear all combustible storage around furnaces and water heaters.
- Know and practice your fire escape plan. Have two ways out of your home and a meeting place for your family.
- Check all home extinguishers and replace if needed.
- Establish a "kid free" zone around stoves and ovens.
- Check extension cords to make sure the insulation has no cuts,

wear or is hot to the touch when used. Dispose and replace all damaged extension cords. Best to plug the appliance directly into the outlet.

- Turn off any portable heaters if you leave the room or go to bed.
- Check the chimney damper to make sure it is open before having any fires in your fireplace.

Outside the home, Leonard stresses:

- Maintain your roof, gutters, decks and around the home free of dead leaves and vegetation.
- Make sure your roof is clear from overhanging tree limbs, especially near your chimney.
- Be aware of "Red Flag" warning days. These are weather conditions that increase the risk of wildfire.

"As we head into fall, it is important to remember that we must be vigilant about maintaining our vegetation to reduce wildfire spread risk. We have dry conditions and any spark can easily ignite into a fire. As the weather cools and the days grow shorter, we spend more time indoors, so we need to practice fire safety inside and out," Leonard said.

The fire marshal encourages all residents to come to the MOFD fall open house at Fire Station 41 in Moraga on Oct. 6 from 8 a.m. to noon to learn more.

MOFD campaign ad correction

By Nick Marnell

Sept. 19 Lamorinda Weekly campaign ad for Moraga-Orinda Fire District Division 1 candidate Greg Baitx stated that he had received the endorsement of the Moraga Town Council.

"It is not true," Moraga Mayor Dave Trotter said. "That would require a properly agendized action taken by the Council at a public meeting, which did not

happen. To my knowledge and as a matter of policy, the Council has never collectively endorsed candidates for other elected positions."

Baitx' campaign manager Jon Bensley said the incorrect endorsement was printed because the campaign mistakenly heard that members of the town council had endorsed Baitx at a public

event, and the campaign never received confirmation of any endorsement. Bensley has since apologized to each town council member and to Baitx' Division 1 opponent, Nathan Bell.

"We have removed all town council endorsement statements from our election material and future advertisements," Bensley said.
