'Tis the Season to Dine on Dungeness

By Jennifer Wake

There are many challenges in throwing a dinner party, but when the menu requires 700 pounds of cracked crab to feed more than 300 guests, planning is everything. Each year, between January

and March, dozens of organizations in the area prepare buckets and tubs of legs, bodies and claws from our popular West Coast crustacean for their annual crab feeds. The Moraga Valley Kiwanis, which will host its eighth annual crab feed Saturday, Feb. 9 at the Holy Trinity Cultural Center in Moraga, amasses an army of volunteers to pull off one of their biggest fundraisers of the year.

"We start planning 11 months ahead," Kiwanis crab feed co-chair Sam Sperry said.

In addition to coordinating the crab order, preparation and serving at the event, more than half of the Kiwanis' 60 members help oversee the silent auction, the set up and tear down, cook additional food for the dinner, and man the beer, wine and cocktail operation.

"Jeff Koester is the other co-chair, and he handles the food and beverages," Sperry said. "Jeff makes fresh pasta with spaghetti sauce, salad and his own special recipe for salsa that he serves with chips as an appetizer. He starts at 8 a.m. doing the food preparation so we're ready when we open the door at 6 p.m. We also work with the East Bay Center for Volunteers to get high school students to do the serving. They have tip jars, and last year

they raised \$1,000 in tips." The bulk of the money raised at the Kiwanis crab feed comes from the silent auction. "Tim Freeman is our silent auction coordinator and has gotten roughly 100 items donated," said Sperry, who, with wife Susan, has hosted a celebrity dinner at their house as an auction item where local "celebrities" like Moraga School Superintendent Rick Schafer, Town Councilman Mike Metcalf, and Town Manager Phil Vince serve dinner to the winning bidder.

"We are aiming to give away \$35,000 in grants this year," Sperry added. "The crab feed is clearly one of our largest

fundraisers." Other organizations holding local crab feeds in the coming days

4H club and the Soroptimist International of 24-680. The 4H's feed is on Feb. 9 at the Martinez Boys and Girls Club, with pro-

ceeds supporting the youth fair and awards. The Soroptimist inaugural feed is on Sunday, Feb. 24 at Oakwood Athletic Club in Lafayette. It benefits women and girls in local communities and throughout the world.

Like many organizations in the area, the Kiwanis orders its crab from a local seafood wholesale distributor that delivers the fresh Dungeness on the morning of the event – packed in ice, cracked, and cleaned – in shipping containers large wrapped in plastic.

Folsom-based Pacific Crab Company, which specializes in crab feeds, suggests organizations order at least two pounds of crab per person, which equates to about one pound after the crab has been cracked and cleaned. Sperry said the Kiwanis increased their crab order this year to be sure they would have enough for everyone, and even some extra to sell at the door after the event.

"Last year, we used every bit of the 675 pounds Jeff ordered," he said.

Nearly 8 million pounds of Dungeness crab are caught on average each year, according to Fish and Game records, but this year's season had a late start due to the Nov. 8 oil spill in the San Francisco Bay. Fortunately, the opening was delayed by only two weeks, opening on Dec. 1 after the state declared local crab free of contamination.

That was good news for organizations like the Moraga Valley Kiwanis, which raises nearly \$15,000 each year at the crab feed to fund grants for various local charities.

When it is all over, the volunteers will take a much needed break. Then two weeks after the event, Sperry said he will meet with the Cultural Center's event coordinator to see what went right and what they should change for next year.

Then they will start planning all over again.

Minor Offenses Can Get You Into Trouble

By Sophie Braccini

regeant Gruenheid of the Lafayette Police Department said it all: "Our job is to enforce the law, but there is the 'letter of the law' and the 'spirit of the law'." She further explains that when Officers come across drivers committing minor infractions to the California Driving Code, their first objective is the protection of everyone's safety. They might issue a citation, that's "the letter of the law," or choose to give out a courtesy warning ticket, "the spirit of the law." But just in case our officers get closer to the letter, here is a reminder of rules that, if broken, could get you into trouble however minor the infraction

· If weather conditions require you to use your windshield wipers, you must turn on your headlights.

seems to be:

• No person shall drive upon a highway at such a slow speed as to impede or block the normal and reasonable movement of traffic, unless the reduced speed is necessary for safe operation.

- Right-hand parallel parking is required unless otherwise indicated. Vehicle should not stop or park upon a roadway in a direction opposite to that in which traffic normally moves.
- When parking upon any grade exceeding 3 percent within any business or residence district you must block the wheels of the vehicle by turning them against the curb or by other means.
- When coming to a school bus stopped on either side of a road with the bus's red lights flashing, you must stop, and remain stopped as long as the red lights are flashing.
- Upon reaching a Stop sign you must come to a complete stop. Gliding through, even at very slow speed, is not permitted; that's what Yield signs are for.

Want to spice up your crab? Boil it with herbs.

1/4 cup pickling spice

- 3 tablespoons sliced fresh chives
- 2 tablespoons yellow mustard seeds
- 2 tablespoons black peppercorns
- 2 tablespoons crushed red pepper flakes
- 1 tablespoon celery seeds
- 1 tablespoon sliced fresh ginger 2 teaspoons dried oregano
- 5 crushed bay leaves

Tie all the spices in a muslin bag and add to the boiling liquid with sea salt to taste.
