

Is your heating system ready for winter?

Moore Mechanical will make sure it is with our energy savings precision tune-up!

“Service, the way it used to be”

Offer #1

*Furnace
Precision Tune-up*

Offer #2

*Energy Saving
Equipment*

Our technicians will perform a 12 point precision tune-up that will ensure your system is running as safely & efficiently as possible!

Precision tune ups include a 6 month “no break down guarantee” – Call for details. If it does, you will receive a full refund on your tune up! Plus for a limited time we will perform a complete ductwork inspection and provide a written report with recommendations.

If you’re thinking about upgrading your old energy wasting system with a new high efficient furnace, then we have the perfect solution for your home!

- ◆ Up to \$750.00 in utility rebates
- ◆ Up to \$300.00 in manufacturer rebates
- ◆ 6 months same as cash financing
- ◆ 30% or more in energy savings per mo.

All this for only:

\$59.00
