

Cynthia Brian's Mid-Month Garden Tips

GRILL your fresh-picked eggplant, corn, watermelon, and peppers on the barbecue. Brush with olive oil and garlic, sprinkle with salt and sage or cilantro.

PICK pears and Asian pears. Slice up into salads or eat then fresh off the tree.

DIVIDE bearded iris. When iris rhizomes are crowded, they will not bloom. Use a sharp shovel to slice through the rhizomes, then replant in other areas or share with friends. Even small pieces will grow into plants.

SUCCESSION plant arugula, lettuce, carrots, beans and beets for crops that will continue to feed you through fall.

ENJOY the birds. They are favorite friends of our landscapes providing entertainment, pest control, and nature nurture.

Happy Gardening and Happy Growing!
