Lafayette's premier new boutique residences offer a simplified lock-and-go lifestyle desired by many! The tree-lined streets, charming restaurants, biking trails, and upscale shops are perfect for anyone who wants the very best of quiet, city living.

It doesn't get any better than this! The premium luxury collection floor plans are located on the second and third floors. Upon entering the spacious high ceiling, open floor plan welcomes you with large windows. The curated designer-selected finishes include slab countertops, stainless steel appliances, and designer wood cabinets with self-closing doors and easy slider drawers. The living spaces open up to private balconies, perfect for a tranquil escape. A shared courtyard lounge is also available; sip a glass of wine by the fireplace while chatting with your neighbor about where to grab post-drink appetizers.

The newest Residents of 210 Lafayette Circle feel the electric pulse of Downtown Lafayette every time they step out the front door of their Brand New large Single story Flat in Lafayette's most anticipated Luxury Penthouse collection.

Come join us this weekend to feel the heartbeat! After touring our few remaining units, walk a few steps to The Cooperage, TuTu's or the iconic Lafayette "Postino" out your back door!"
